

We are all in this **TOGETHER!**

Great news...

Reduction on Kasasa Qualifications!

In these unprecedented times, Pendleton Community Bank is doing whatever we can to assist our customers in meeting their financial needs. In that effort, we will be reducing the number of debit card transactions needed to qualify for Kasasa rewards for the next three months!*

*For the monthly qualification cycles of April 8 – May 12, May 13 – June 9 and June 10 – July 7, PCB has made it easier to qualify for your Kasasa rewards. To qualify, during each cycle, you must (1) Have at least six (6) debit card point of sale transactions post and clear your account; (2) Sign into online banking at least once; and (3) Have at least one (1) direct deposit or automatic debit transaction post and clear your account.

With the qualification cycle beginning on July 8, the number of debit card point of sale transactions needed to post and clear your account to qualify for Kasasa Rewards each cycle will return to twelve (12).
