

Welcome to smsGuardian . . . a PCB service that alerts you via a text message that a transaction has occurred on your PCB debit card.

Simply review and ignore the alert if you recognize the transaction.

Identify potential fraud early! If you did **NOT** perform the transaction and are unsure who did, you have up to 12 hours to respond to the text and start the process of blocking your card from fraudulent activity. The quicker you respond, the sooner the fraud can be stopped.

Enrollment is quick and easy, and you can enter up to 5 mobile devices to receive alerts on.

A Do-Not-Disturb option allows you to determine when you do not want to receive text alerts. Text alerts are stored until the Do-Not-Disturb time period is over and then the stored alerts are sent to your device(s).

You can discontinue the receipt of Alerts immediately by texting the word **STOP** in reply to a smsGuardian Alert. You may unsubscribe from this service entirely on the Website. Cardholders can also discontinue alerts by texting the word **STOP** to 27576.

Whether you are using a computer or your mobile device to set up Guardian alerts, you will receive instructions to text a confirmation code from your mobile device to complete the setup process. If you are in an area that has no “text service” during the setup process, you will need to text the confirmation code from your mobile device once your phone is in an area with “text service”. Otherwise, the setup process will be incomplete. After the confirmation code is texted as instructed, you will receive a confirmation message on your mobile device.

Do-Not-Disturb allows you to setup time periods in which a text should NOT be received. Alerts are stored until the Do-Not-Disturb time period is over, and then the stored alerts are sent to the device.

The Do-Not-Disturb timeframe may not exceed 12 hours.

You set the time zone to correspond to your location. The system recognizes both Standard and Daylight Savings time in Alaskan, Eastern, Central, Mountain and Pacific Time zones. Hawaii is recognized by a single standard time zone. The system does not recognize international texting.

Text Alerts

All alert messages will contain:

- The bank's short name – PCBNK
- The last 4 digits of the debit card number
- Merchant name or ATM location
- Transaction amount
- Alphanumeric code that you will text if the transaction is fraudulent.
- Sample of a PCB alert →

You will receive one text alert per transaction on each enrolled card.

To avoid confusion, you will not see the amount of fuel purchases at gas stations because 'pre-authorizations' amounts vary at gas stations. A pre-authorization is a temporary hold of a specific amount of the available balance on your debit card. It is NOT a charge. Pre-authorization amounts can be as little as a \$1 or as high as \$150 at gas stations. For fuel purchases using your debit card, **YOU WILL RECEIVE 2 ALERTS** (an alert for the pre-authorization and an alert for the actual charge, and the transaction amount will not display on either alert).

The mobile service providers Sprint, Nextel, Boost or Virgin require that we send a 30-day subscription reminder message to their customers participating in smsGuardian. The alert message will display as *"Reminder: You have subscribed to Guardian transaction alerts for Pendleton Community Bank. Message and data rates may apply. Reply HELP for help. Reply STOP to cancel."*

How to Respond for Fraudulent Transactions

- Each alert provides an Alpha-numeric code. If a transaction is fraudulent, reply to the alert by texting the code EXACTLY as it is listed in the alert.
- You have 12 hours to respond to an alert after it is sent. After 12 hours, the alert expires.
- If you text anything different than the alphanumeric code, such as 'yes this is fraud' or 'not my transaction', the system WILL NOT RECOGNIZE it and will ignore your response.
- You will receive a confirmation text message that the card is blocked.
- Contact your nearest Pendleton Community Bank financial center to order a new card.

Renewing Your smsGuardian Service Annually

- Enrollment in the smsGuardian service is good for one year.
- Six days prior to the service expiring, a renewal text is sent to your mobile device.
- If you do not respond to the renewal message, the device is removed from smsGuardian upon expiration.
- You can renew the device for multiple years. For example, if you want to renew the device in the smsGuardian service for 5 years, click the renewal button 5 times.

- When you click RENEW, you have to send a message for each renewal. If you click the renewal button 5 times to renew for 5 years, you will have to reply to a short code 5 times.

Removing a Device from the smsGuardian Service

Reply **STOP** to an alert to cancel alerts on the mobile device being used.

Requesting Help Using the Service

If at any time you need help using this service, reply HELP to an alert message. You can also click on the 'Service Usage Guide' link on the smsGuardian website or call (888) 868-8611. You can also contact your nearest Pendleton Community Bank office with questions or to request help with the service.
