

INTRODUCING

CURBSIDE

BANKING

A SAFER WAY TO BANK from the convenience of your own vehicle- we call it Curbside Banking and for PCB customers it includes non-cash transaction banking, like: signing new account documents, notary services, and loan application drop-off.

IT'S EASY TO USE by calling your nearest PCB location to make an appointment! Then, when you arrive at the bank, simply pull into one of the designated Curbside Banking spots and call the number on the sign to let us serve you!
