Welcome to Pendleton Community Bank!

We recently announced the completion of the merger of Bank of Mount Hope with Pendleton Community Bank. You have noticed a transition to Pendleton Community Bank over the last few months and you will soon see a change in the signage, as well. The final step of the process is the conversion to Pendleton's family of products and services. I wanted to share this exciting news, let you know what to expect, and hopefully answer many of the questions you may have.

We recognize that over the past few months you may have experienced some changes in your "banking world." Change is never easy, but rest assured our team has been working diligently to minimize any inconvenience that this conversion might bring. It is our hope and desire that our personal approach to banking and our diverse products and services will convince you that the right choice is banking with Pendleton Community Bank.

The conversion of accounts (loans and deposits) and related services from the Bank of Mount Hope system to Pendleton's is expected to start at 3:00 p.m. on Friday, February 7, 2020 and will continue through Sunday, February 9, 2020. During this time, the physical offices in Beckley, Mount Hope, and Oak Hill will be closed and you will not have access to your account information via online and mobile banking; however, your checks and debit card will continue to process as normal. This booklet is designed to describe the process in detail and to further introduce you to Pendleton Community Bank. It will also provide a summary of what will happen as we convert your accounts to their comparable Pendleton Community Bank products. Included you will find account information, product highlights, and account terms and disclosures. Please review this material very carefully. If you have questions regarding this information or how this conversion will affect you, please don't hesitate to contact us by telephone or email as outlined in this booklet.

On behalf of our Board of Directors, management, and staff, we welcome you to the Pendleton Community Bank family of products and services and thank you for the opportunity to serve you and your financial needs. We truly honor the opportunity and privilege to be "your bank" and look forward to being "your bank for generations"

Sincerely,

A handwritten signature in black ink, appearing to read "W. Loving, Jr.", written in a cursive style.

Joint Accounts (two or more persons)	\$250,000 per co-owner
IRAs and certain other retirement accounts	\$250,000 per owner

Corporation, Partnership and Unincorporated Association Accounts	\$250,000 per corporation, partnership or unincorporated association
Employee Benefit Plan Accounts	\$250,000 for the non-contingent, ascertainable interest of each participant
Government Accounts	\$250,000 per official custodian

Deposits acquired by Pendleton Community Bank from Bank of Mount Hope continue to be insured separately for at least six months after the acquisition date (September 30, 2019). This grace period gives a depositor the opportunity to restructure his or her accounts, if necessary. The FDIC provides separate coverage for deposits held in different account ownership categories. The coverage limits in the chart above refer to the total of all deposits that an account holder has in the same ownership categories at each FDIC-insured bank. The chart shows only the most common ownership categories that apply to individual and family deposits and assumes that all FDIC requirements are met. CDs acquired by Pendleton Community Bank from Bank of Mount Hope are separately insured until the earliest maturity date after the end of the six-month grace period. CDs that mature during the six-month period and are renewed for the same term in the same dollar amount (either with or without accrued interest) continue to be separately insured until the first maturity date after the six-month period. If a CD matures during the six-month grace period and is renewed on any other basis, it would be separately insured only until the end of the six-month grace period.

ICS / CDARS

With the ICS®, or Insured Cash Sweep®, and CDARS® services, you can enjoy the peace of mind that comes with access to multi-million-dollar FDIC insurance and can choose the service or combination of services that best meets your needs for returns and access to funds. Institutions, like ours, that offer ICS and CDARS are members of a special Network. When we place your deposit through the ICS or CDARS service, that deposit is divided into amounts under the standard FDIC insurance maximum of \$250,000. The amounts are then placed in demand deposit accounts or money market deposit accounts (using ICS), or in CDs (using

CDARS) at multiple banks. As a result, you can access coverage from many institutions while working directly with just one. You receive one monthly statement from our bank for each service in which you participate, and, as always, your confidential information is protected.

* Placement of funds through the ICS or CDARS service is subject to the terms, conditions, and disclosures in the service agreements, including the Deposit Placement Agreement (“DPA”). Limits apply and customer eligibility criteria may apply. In the ICS savings option, program withdrawals are limited to six per month. Although funds are placed at destination banks in amounts that do not exceed the FDIC standard maximum deposit insurance amount (“SMDIA”), a depositor’s balances at the relationship institution that places the funds may exceed the SMDIA (e.g., before ICS or CDARS settlement for a deposit or after ICS or CDARS settlement for a withdrawal) or be ineligible for FDIC insurance (if the relationship institution is not a bank). As stated in the DPA, the depositor is responsible for making any necessary arrangements to protect such balances consistent with applicable law. If the depositor is subject to restrictions on placement of its funds, the depositor is responsible for determining whether its use of ICS or CDARS satisfies those restrictions. ICS, Insured Cash Sweep, and CDARS are registered service marks of Promontory Interfinancial Network, LLC.

Pendleton Community Bank wants to reassure you that you can have the highest level of confidence that the funds you have on deposit with us are secure. If you have questions about FDIC insurance limits or how to maximize your coverage, please contact our Customer Service department at (304) 877-5551, (304) 358-2311 or (800) 722-8202 or by email info@yourbank.com. You can also visit the FDIC website, www.fdic.gov or call 1-877-ASK-FDIC.

OVERDRAFTS

Overdraft protection with linked accounts (Sweeps): Like Bank of Mount Hope, Pendleton Community Bank offers customers the ability to establish overdraft protection for checking accounts by linking savings or other deposit accounts. Collectively, these savings and deposit accounts are referred to as “overdraft protection accounts”. (Please refer to the enclosed fee schedule for associated fees.) Effective February 10, 2020, if your Bank of Mount Hope checking account is linked to a Bank of Mount Hope “overdraft protection account”, these accounts will continue to be linked for purposes of overdraft protection.

Bounce Protection: Like Bank of Mount Hope, Pendleton Community Bank offers customers a discretionary overdraft protection service that provides you an automatically assigned overdraft limit for times in which a safety net is needed for unanticipated expenses or unforeseen problems. If your Bank of Mount Hope checking account is assigned an Overdraft Privilege Service limit as of February 10th, Pendleton Community Bank will provide you a Bounce Protection limit of \$600 for personal checking accounts or \$750 for business checking accounts. Your Bounce Protection limit may be available for checks and other transactions made by using your checking account number, such as a teller withdrawal, an automatic (ACH) payment transaction, automatic bill payment or recurring debit card payment. If you requested Bank of Mount Hope to do so (opt in), we may authorize ATM transfers or withdrawals and everyday debit card purchases using your available balance and your Bounce Protection limit. For business accounts the limit may be available for ATM and everyday debit card transactions with no action required.

As long as you maintain your account in “good standing”, we may approve your overdraft items within your unused Bounce Protection limit as a non-contractual courtesy. For Bounce Protection consideration, your account is in “good standing” if you (1) make sufficient deposits to bring your account to a positive end-of-day balance at least once every 30 calendar days (including the payment of all bank fees and charges); (2) avoid excessive overdrafts suggesting the use of Bounce Protection as a continuing line of credit; and (3) have no legal orders, levies or liens against your account.

There is no additional cost associated with Bounce Protection unless you use it. If you use the Bounce Protection limit, you will be charged our Overdraft/NSF Paid Fee of \$35 for each overdrawn item (up to a maximum daily amount of \$210 for consumer

accounts). Overdrafts above and beyond your established Bounce Protection limit may result in checks or other items being returned to the payee. You will be charged an Overdraft/NSF Returned Fee of \$35 for each item returned. Returned items may be presented for payment by the payee or their financial institution multiple times, which may result in multiple Overdraft/NSF Returned Fees.

Pendleton Community Bank reserves the right to limit participation to one account per household or business or to suspend, revoke, or discontinue this service without prior notice

For more information about overdrafts of your account at Pendleton Community Bank please review the enclosed Pendleton Community Bank Bounce Protection brochure.

Once the funds are available, you can withdraw them in cash and/or we will use them to pay checks that you have written. For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays, and federal holidays. Business day cutoff times vary by branch location, with the earliest time being 5:00 p.m. Individual branch offices may have a later cutoff time. For the specific business day cutoff time for each office, contact the branch office or call 304-358-2311 for our listings. If you make a deposit before a branch's business day cutoff time on a business day in which we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after the business day cutoff time of that specific branch or on a day we are not open, we will consider that the deposit was made on the next business day we are open.

RESERVATION OF RIGHT TO HOLD. In some cases, we will not make all of the funds that you deposited by check available to you according to the preceding schedule. Depending on the type of check that you deposit, funds may not be available until the second business day after the day of your deposit. However, the first \$200 of your deposit will be available on the first business day after the day of your deposit. If we are not going to make all funds from your deposit available on the same business day, you will be notified at the time you make your deposit. We will also tell you when the funds will be available. If your deposit is not made directly to one of our employees, or if we decide to take this action after you have left the premises, we will mail you the notice by the business day after we receive your deposit. If you need the funds from a deposit right away, you should ask us when the funds will be available.

LONGER DELAYS MAY APPLY. We may delay your ability to withdraw funds deposited by check into your account an additional number of days for these reasons:

- You deposit checks totaling more than \$5,000 on any one day.
- You redeposited a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last six months.
- We believe a check you deposit will not be paid.
- There is an emergency, such as failure of communications or computer equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the seventh business day after the day of your deposit.

HOLD ON OTHER FUNDS.

If we cash a check for you that is drawn on another financial institution, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it. If we accept for deposit a check that is drawn on another financial institution, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

SPECIAL RULES FOR NEW ACCOUNTS.

Special rules apply during the first 30 days your account is opened. Funds from electronic direct deposits and cash will be available to you on the day of deposit. Funds from wire transfers deposits and the first \$5,000 of a day's total deposits of cashier's, certified, teller's, traveler's and federal, state and local government checks will be available on the first business day after the day of your deposit if checks are payable to you.

The excess over \$5,000 will be available on the ninth business day after the day of your deposit. If your deposit of these checks (other than U.S. Treasury check) is not made in person to one of our employees, the first \$5,000 will not be available until the second business day after the day of deposit. Funds from all other checks will be available on the 10th business day after the day of deposit.

DEPOSITS AT AUTOMATED TELLER MACHINES.

Funds from any deposit, whether in cash or by check, made at an automated teller machine ("ATM") owned or operated by us will be generally available on the first Business day after the business day of your deposit.

If you make a deposit at an ATM that is owned and operated by us before 3:00 p.m. on a business day, we will consider the deposit made that day. However, if you make a deposit at an ATM owned and operated by us after 3:00 p.m. or on a day that we are not open, we will consider the deposit made on the next business day. All ATMs that we own or operate are identified as such on our machines.

SUBSTITUTE CHECKS & YOUR RIGHTS

What is a substitute check?

To make check processing faster, federal law permits to replace original checks with “substitute checks.” These checks are similar in size to original checks with a slightly reduced image of the front and back of the original check. The front of a substitute check states: “This is a legal copy of your check. You can use it the same way you would use the original check.” You may use a substitute check as proof of payment just like the original check.

Some or all of the checks that you receive back from us may be substitute checks. This notice describes rights you have when you receive substitute checks from us. The rights in this notice do not apply to original checks or to electronic debits to your account. However, you have rights under other law with respect to those transactions.

What are my rights regarding substitute checks? In certain cases, federal law provides a special procedure that allows you to request a refund for losses you suffer if a substitute check is posted to your account (for example, if you think that we withdrew the wrong amount from your account or that we withdrew money from your account more than once for the same check). The losses you may attempt to recover under this procedure may include the amount that was withdrawn from your account and fees that were charged as a result of the withdrawal (for example, bounced check fees).

The amount of your refund under this procedure is limited to the amount of your loss or the amount of the substitute check, whichever is less. You also are entitled to interest on the amount of your refund if your account is an interest-bearing account. If your loss exceeds the amount of the substitute check, you may be able to recover additional amounts under other law.

If you use this procedure, you may receive up to \$2,500.00 of your refund (plus interest if your account earns interest) within 10 business days after we received your claim and the remainder of your refund (plus interest if your account earns interest) not later than 45 calendar days after we received your claim.

We may reverse the refund (including any interest on the refund) if we later are able to demonstrate that the substitute check was correctly posted to your account.

How do I make a claim for refund?

If you believe that you have suffered a loss relating to a substitute check that you received and that was posted to your account, please contact us at:

Pendleton Community Bank
128 N. Main Street, PO Box 487
Franklin, WV 26807

PH: 304-358-2311

You must contact us within 45 calendar days of the date that we mailed (or otherwise delivered by a means to which you agreed) the substitute check in question or the account statement showing that the substitute check was posted to your account, whichever is later. We will extend this time period if you were not able to make a timely claim because of extraordinary circumstances.

Your claim must include –

- A description of why you have suffered a loss (for example, you think the amount withdrawn was incorrect);
- An estimate of the amount of your loss;
- An explanation of why the substitute check you received is insufficient to confirm that you suffered a loss; and
- A copy of the substitute check or the following information to help us identify the substitute check: an example of this would be a copy of your statement.
